

ANNUAL REPORT

2022-2023

Forward-looking Statement

In this annual report, we have disclosed forward looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements – written and oral – that we periodically make, contain forward-looking statements that set out anticipated results based on the management’s plans and assumptions. We have tried, wherever possible, to identify such statements by using words such as ‘anticipates’, ‘estimates’, ‘expects’, ‘projects’, ‘intends’, ‘plans’, ‘believes’ and words of similar substance in connection with any discussion on future performance. We cannot guarantee that these forward-looking statements will be

realised, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Chairman's Statement

Dear Shareholders,

I welcome you all to this 26th Annual General Meeting.

In my earlier address to you, I had mentioned about upgrading the operations at the Tea Estates of the Company as well as achieving production of quality teas. This has resulted in better realization during the current year.

I am also pleased to inform you that during the year we have acquired five more Tea Estates. We are upgrading the operations at the said Tea Estates.

We have been able to almost double our domestic tea production capacity with the acquisition of the Tea Estates which along with the tea production at our off-shore Tea Estates aggregates to about 25 million kg.

We have also embarked on a programme

of increasing the production of macadamia plantation and in the near future we hope to become one of the largest private producer of Macadamia nuts globally.

We continue to lay emphasis on achieving targeted operational performance as well as ensuring the safety and well-being of our employees.

Our contribution to state government towards providing reliefs was continued during the year.

I thank all our employees, shareholders, Banks and the Authorities for their continued support received by the Company.

Kolkata,
May 28, 2023

C.K.DHANUKA

ANNEXURE-I

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Industry Structure and Development

The Company's main business is manufacture and sale of Tea. Tea being a seasonal industry manufacture of tea commences from around mid March and continues till around mid December. The crop yield depends to a large extent on the weather conditions. The plantation area being constant the yield depends on irrigation facilities, better soil management techniques, weather etc. Necessary steps are initiated by the Company for improving the yield and quality of crop in its gardens. The Company lays stress on improving the quality. Use of vermi compost in the plantation areas is in vogue for sustaining the quality of soil as well as for improving the yield. The Company adopts good tea plantation practices to maintain the yield and has embarked on production of quality teas.

Opportunities and Threats

The Company's major income is from sale of tea. The tea manufactured by the Company is sold through auctions as well as private sales.

The production cost of tea, comprises of various inputs which are statutorily required to be met by the Company including those under the Plantation Labour Act, Minimum Wages Act etc and levies imposed by the Central and State authorities under various other laws.

The Company has completed augmentation of its tea manufacturing facilities located at North Bank Tea Estates in Assam.

Solar Power is also being availed by the North Bank Garden and it is proposed to commission solar power in the remaining gardens of the Company during 2023-24.

Segment wise performance

The Company's main business is manufacturing. Tea which is sold through auction centres and as bulk / private sales is covered under the sections 'Financial Results' and 'Operations' respectively in the Directors' Report.

Outlook

Tea is common man's drink and is consumed throughout the country. The domestic production of tea is sufficient to meet the internal demands. The weather is of prime importance for the industry and due to the vagaries of the weather the production often fluctuates. The outlook for the tea industry is positive due to increasing domestic demand.

Risk and Concern

The Management has to constantly monitor the risks and concerns associated with the industry by ensuring adequate irrigation facilities to the Plantation areas, soil enrichment, protection of plantation against attacks by pests etc and is also subject to changing market conditions and the trends. Further increased supply in the global market and slowdown of the economic growth

may also adversely affect the Company's business prospects.

Internal Control System & their adequacy

The Company's internal control system are commensurate with its size and it ensures operational efficiency, accuracy in financial reporting and compliance of applicable laws and regulations. The system is subject to review from time to time.

Disclosures on financial performance with respect to operational performance

The disclosures under financial performance with respect to operational performance are covered by the respective sections of the "Directors' Report i.e., 'Financial Results' and 'Operations'.

INDEPENDENT AUDITOR'S REPORT

To the Members of
DHUNSERI TEA & INDUSTRIES LIMITED

Report on the Audit of the Ind AS Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Dhunseri Tea & Industries Limited ("the Company"), which comprise the Balance sheet as at March 31 2023, the Statement of Profit and Loss, including impact of other comprehensive income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2023. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its loss including impact of other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key audit matters	How our audit addressed the key audit matter
<p>(a) Valuation of biological assets and harvested tea leaves (as described in note 2(g), 2(h) and Note 40 of the Standalone Financial Statements)</p> <p>As on March 31, 2023, the Company has biological assets being "Tea leaves growing on tea bushes" valued at Rs. 106.49 lakhs. The above biological assets are stated at fair value less costs to sell. Harvested tea leaves of own gardens used for the valuation of finished goods (Tea) are measured at fair value. We considered the fair valuation of biological assets and harvested tea leaves produced from own gardens as a key audit matter given the significant management judgement involved in consideration of factors such as market sources, prevailing selling prices and quality of tea used in the determination of fair value of such agricultural produce and biological assets.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> We understood, evaluated the design and tested the operating effectiveness of controls as established by the management for determination of the fair value of biological assets and harvested tea leaves produced from own gardens. We assessed the significant assumptions used in the valuation model with reference to available market information. We tested the data inputs used in the fair valuation and compared them with underlying supporting documents. We assessed the adjustments made to prices of green leaves purchased from outside suppliers considering the quality differential of the Company's production for ascertaining fair value of tea leaves harvested in the Company's own gardens and used for manufacture of period end stock of finished goods. We also compared the Company's valuation policy with those followed by other companies in the same industry for consistency with the industry norms. We assessed the adequacy of disclosures in relation to the biological assets and harvested tea leaves.

INDEPENDENT AUDITOR'S REPORT (Contd.)

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from

material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding

INDEPENDENT AUDITOR'S REPORT (Contd.)

independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except that the backup of the certain books of account and other books and papers maintained in electronic mode has not been kept on servers physically located in India on daily basis as more fully explained in note 45(viii) to the standalone financial statements.
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph (b) above.
 - (g) With respect to the adequacy of the internal financial controls with reference to these standalone financial

statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

- (h) In our opinion, the managerial remuneration paid/payable to directors for the year ended March 31, 2023 have been paid / provided by the Company in accordance with the provisions of section 197 read with Schedule V to the Act;
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 33 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the note 45(v) to the standalone financial statements for the year ended March 31, 2023, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate

INDEPENDENT AUDITOR'S REPORT (Contd.)

- Beneficiaries; and
- c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v. The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.

As stated in note 35(b) to the standalone financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act, to the extent it applies to declaration of dividend.

- vi. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable to the Company only with effect from April 1, 2023, reporting under this clause is not applicable.

ANNEXURE '1' REFERRED TO IN PARAGRAPH UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR REPORT OF EVEN DATE

Re: Dhunseri Tea & Industries Limited ("the Company")

In terms of the information and explanations sought by us and given by the company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (i) (a) (B) The Company has not capitalized any intangible assets in the books of account. Therefore, the requirement to report on clause 3(i)(a)(B) of the Order is not applicable to the Company and hence not commented upon.
- (i) (b) The property, plant and equipment are physically verified by the management according to a phased programme designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the property, plant and equipment were physically verified by the management during the year and no material discrepancies were noticed on such verification.
- (i) (c) The title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in note 3(a) to the standalone financial statements under Property, Plant and Equipment are held in the name of the Company, except the following:

- (i) (d) The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or intangible assets during the year ended March 31, 2023.
- (i) (e) As represented to us by the management, there are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory has been physically verified by the management during the year except for inventories lying with third parties. In our opinion, the frequency of verification by the management is reasonable and the coverage and procedure for such verification is appropriate. No material discrepancies were noticed on such physical verification. Inventories lying with third parties have been confirmed by them as at March 31, 2023 and no material discrepancies were noticed from such confirmations.
- (ii) (b) As disclosed in note 16 to the standalone financial statements, the Company had sanctioned working capital limits in excess of Rs. five crores in aggregate from banks during the year on the basis of security of current assets of the Company. The quarterly returns/statements filed by the Company with such banks are in agreement with the books of accounts of the Company. The Company does not have any sanctioned working capital limits from financial institutions.
- (iii) (a) During the year the Company has not provided loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, Limited Liability Partnerships or any other parties. Therefore, the requirement to report on clause 3(iii)(a) of the Order is not applicable to the Company and hence not commented upon.

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT (Contd.)

- (iii) (b) During the year the Company has not provided security and guarantees and not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. The investments made are not prejudicial to the Company's interest.
- (iii) (c), (d), (e), (f)
The Company has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii) (c), 3(iii) (d), 3(iii) (e) and 3(iii) (f) of the Order is not applicable to the Company.
- (iv) The Company has not advanced loans to directors / to a Company in which the director is interested to which provisions of section 185 of the Companies Act, 2013 apply. Also, the Company has not given any loans / guarantees/ provided security to which the provisions of section 186 apply. Therefore, the requirement to report on clause 3(iv) of the Order is not applicable to the Company and hence not commented upon. Provisions of section 186 of the Companies Act 2013 in respect of investments made have been complied with by the Company.
- (v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act, 2013 and the rules made thereunder, to the extent applicable. Therefore, the requirement to report on clause 3(v) of the Order is not applicable to the Company and hence not commented upon.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to the manufacture of tea, and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- (vii) (a) Undisputed statutory dues including goods and services tax, employees' state insurance, income-tax, cess and other statutory dues that were applicable to the Company during the year have generally been deposited regularly with the appropriate authorities though there has been a slight delay in a few cases. During the year, the Company did not have any undisputed dues towards sales-tax, service tax, duty of customs, duty of excise and value added tax. The Company's obligation towards provident fund has been discharged on a regular basis except for the liabilities assumed on acquisition of certain tea estates as referred in note 44 of the standalone financial statements.
- According to the information and explanations given to us and based on audit procedures performed by us, no undisputed dues in respect of goods and service tax, provident fund, employees' state insurance, income-tax and other statutory dues which were outstanding, at the year end, for a period of more than six months from the date they became payable, except arising from the liabilities assumed by the Company on acquisition of tea estates during the year, as follows:

Statement of arrears of statutory dues outstanding for more than six months from the date they became payable

Name of the Statute	Nature of the Dues	Amount (Rs. in lakhs)	Period to which the amount relates	Due Date	Remarks
The Assam Tea Plantations Provident Fund and Pension Fund and Deposit Linked Insurance Fund Scheme Act, 1955	Arrear Provident Fund Contribution	1,535.63	September 2019 to December 2022	Within 30 days of payment of respective wages/ salary	Refer Note 44

- (vii)(b) Dues towards goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess, and other statutory dues that have not been deposited on account of any dispute, are as follows:

Name of the Statute	Nature of the Dues	Amount (Rs. In Lakhs)	Period to which the amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Income Tax	47.43	2014-15	Commissioner of Income Tax (Appeals)

- (viii) As represented to us by the management, the Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Therefore, the requirement to report on clause 3(viii) of the Order is not applicable to the Company and hence not commented upon.
- (ix) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- (ix) (b) As represented to us by the management, the Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT

Of Even Date on the Standalone Financial Statements of Dhunseri Tea & Industries Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Dhunseri Tea & Industries Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these standalone financial statements.

Meaning of Internal Financial Controls With Reference to these Standalone Financial Statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to Standalone Financial Statements

1. COMPANY INFORMATION

Dhunseri Tea & Industries Limited (the "Company") is a Company limited by shares, incorporated and domiciled in India. The Company is engaged in cultivation, manufacture and sale of tea. Its shares are listed on BSE Limited and National Stock Exchange of India Limited.

The standalone financial statements present the financial position as at 31 March 2023 and financial performance of the Company during the year then ended.

The standalone financial statements for the year ended 31 March 2023 were approved by the Board of Directors on 28 May 2023.

2. SIGNIFICANT ACCOUNTING POLICIES

This significant accounting policies adopted in the preparation of these financial statements are presented below. These policies have been consistently applied for preparation of financial statements, unless otherwise stated.

a) Basis for preparation

(i) Compliance with Ind AS

These standalone financial statements comply in all material respects with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') [Companies (Indian Accounting Standards) Rules, 2015] (as amended from time to time) and other relevant provisions of the Act. These standalone financial statements has also been prepared in compliance with presentation requirement of Division II of Schedule III of the Companies Act, 2013 (IND AS Compliant Schedule III) as applicable to the standalone financial statements.

These standards and policies have been consistently applied to all the years presented, unless otherwise stated. The standalone financial statements are presented in Indian Rupees (Rs.), which is the Company's functional and presentation currency.

(ii) Historical cost convention

The standalone financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

b) Property, plant and equipment

(i) Property, plant and equipment are stated either at deemed cost as considered on the date of transition to Ind AS or at acquisition/construction cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises of purchase cost, borrowing costs if capitalization criteria are met and other directly attributable cost of bringing the assets to its working condition for intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

(ii) Bearer plants, being mature tea bushes, are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

(iii) Immature bearer plants, including the cost incurred for procurement of new seeds/plants and maintenance of nurseries, are carried at cost less any recognized impairment losses under capital work-in-progress. Cost includes the expenditure for uprooting, land preparation, new planting and maintenance of newly planted bushes until maturity. On maturity of bearer plants, underlying costs are capitalised under Property, plant and equipment as Bearer plants and are depreciated from the date when they are ready for commercial harvest.

(iv) Subsequent expenditure related to an item of property, plant and equipment is added to its carrying amount only if it increases the future benefits from the existing assets beyond its previously assessed standard of performance and beyond its original assessed useful life.

(v) Capital work in progress is stated at cost incurred during construction/installation period relating to items or projects in progress.

(vi) Losses arising from the retirement of and gains or losses arising from disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

(vii) Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using the straight - line method to allocate their cost, net of their residual values, over their useful

Notes to Standalone Financial Statements (Contd.)

lives as estimated by management that are in line with those prescribed by the Schedule II of the Companies Act, 2013. The useful lives of property, plant and equipments have been considered as per Schedule II, except in case of Bearer Plants for which the useful life have been considered on the basis of technical evaluation.

Class of assets	Estimated useful life (in years)
Bearer plants	72
Buildings	3 – 60
Plant and Equipment	3 – 15
Furniture and Fixtures	5 – 10
Vehicles	8 – 10

The estimate of residual value and useful life are reviewed every year.

Leasehold lands for Tea Estates are granted/allotted/settled/extended by the government with a right of renewal. The government extends the lease renewals by way of general notifications at regular intervals. These leasehold lands are considered as long term and perpetual leases.

c) Investment Properties

Property (Land or a Building- or part of a Building or both) that is held for long-term rental yields or for capital appreciation or both, rather than for use in production or supply of goods or for administrative purposes or sale in the ordinary course of business by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

Investment properties are depreciated using the straight - line method over their estimated useful lives. The investment properties held by the Company comprise only of freehold land, hence there is no depreciation.

d) Non - current assets held for sale

Non - current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less cost to sell.

An impairment loss is recognized for any initial or subsequent write-down of the asset to fair value less cost to sell. A gain is recognized for any subsequent increases in fair value less cost to sell of an asset, but not in excess of any cumulative impairment loss previously recognized. A gain or loss not previously recognized by the date of the sale of the non - current asset is recognized at the date of de - recognition.

Non - current asset classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a Non - current asset classified as held for sale are presented separately from other liabilities in the balance sheet.

e) Impairment of non-financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years.

Notes to Standalone Financial Statements (Contd.)

f) Financial Instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognized in the Statement of Profit and Loss.

Effective interest method

The effective interest method is a method of calculating the amortized cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

Financial assets

Cash and cash equivalents

Cash and cash equivalents includes cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

Other bank balances

Other bank balances include deposits with maturity less than twelve months but greater than three months and balances and deposits with banks that are restricted for withdrawal and usage.

Financial assets at amortized cost

Financial assets in the nature of Trade Receivables, Loans, Security Deposits, Advances, Fixed Deposits, etc, are subsequently measured at amortized cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at 'Fair value through other comprehensive income' (FVOCI) if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and to sell these financial assets.

In respect of equity investments (other than Investment in subsidiaries which are accounted for at cost) which are not held for trading, the Company has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of such equity instruments. Such an election is made by the Company on an instrument by instrument basis at the time of initial recognition of such equity investments.

Financial asset not measured at amortized cost or at fair value through other comprehensive income is carried at 'Fair value through the Statement of Profit and Loss' (FVPL).

Impairment of financial assets

The Company assesses on a forward looking basis the 'Expected credit losses' (ECL) associated with its assets carried at amortized cost and FVOCI debt instruments. The Company recognizes loss allowance for expected credit losses on financial assets including time value of money.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 *Financial Instruments*, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

De-recognition of financial assets

The Company de-recognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

Notes to Standalone Financial Statements (Contd.)

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortized cost, using the effective interest rate method where the time value of money is significant.

Interest bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortized cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognized over the term of the borrowings in the Statement of Profit and Loss.

De-recognition of financial liabilities

The Company de-recognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

g) Inventories

Finished Goods and Stores and Spare parts are stated at lower of cost and net realizable value. Cost of Finished Goods comprise direct material [cost of green leaf harvested from own gardens ("agricultural produce") / purchased green leaves] and appropriate portion of variable and fixed overhead expenditure. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs are assigned to individual items of inventory on the basis of weighted average method. Agricultural produce (being green leaf harvested from own gardens) is measured at the fair value less cost to sell at the point of harvest of tea leaves.

Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

h) Biological assets other than bearer plant

Tea leaves growing on tea bushes are measured at fair value less cost to sell with changes in fair value recognized in Statement of Profit and Loss.

i) Employee Benefits

(i) Short term employee benefits

The undiscounted amount of Short-term Employee Benefits expected to be paid in exchange for the services rendered by employees is recognized during the period when the employee renders the service. This benefit includes salary, wages, short term compensatory absences, bonus and other short term benefits.

(ii) Long term compensated absences

Long term compensated absence is provided for on the basis of an actuarial valuation, using the Projected Unit Credit Method as at the date of Balance Sheet. Actuarial loss/gains are recognized in the Statement of Profit and Loss in the year in which they arise. The Company presents the entire leave as a current liability in the Balance Sheet, since it does not have an unconditional right to defer its settlement for twelve months after the reporting date.

(iii) Post employment benefit plans

For Defined Benefit Plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each Balance Sheet date. Re-measurement gains and losses of the net defined benefit

Notes to Standalone Financial Statements (Contd.)

liability/ (asset) are recognized immediately in other comprehensive income. The service cost and net interest on the net defined benefit liability/ (asset) is treated as a net expense within employment costs.

Past service cost is recognized as an expense when the plan amendment or curtailment occurs or when any related restructuring costs or termination benefits are recognized, whichever is earlier.

The retirement benefit obligation recognized in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost, and as reduced by the fair value of scheme assets.

Any asset resulting from this calculation is limited to the present value of any economic benefit available in the form of refunds from the plan or reductions in future contributions to the plan.

(iv) Defined contribution plans

Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state managed retirement benefit schemes are dealt with as payments to defined contribution schemes where the Company's obligations under the schemes are equivalent to those arising in a defined contribution retirement benefit scheme.

j) Foreign currency transactions

Functional and presentation currency

The financial statements of the Company are presented in Indian Rupees (Rs.), which is the functional currency of the Company and the presentation currency for the financial statements.

Transactions and balances

Transactions in foreign currency are recorded at exchange rates prevailing on the date of the transactions. Monetary assets and liabilities related to foreign currency are restated at the year-end at the exchange rate prevailing on the Balance Sheet date. Foreign currency non - monetary items carried in terms of historical cost are reported using the exchange rate on the date of transactions. Exchange differences arising on restatement or settlement are recognized in the Statement of Profit and Loss in the period in which they arise.

k) Revenue Recognition

Revenue is measured at fair value of consideration received or receivable, net of discounts and taxes and duties collected on behalf of the government, taking into account the contractually defined terms.

Sale of goods

The Company is in the business of cultivation, manufacturing and selling of tea in the market. Under Ind AS 115 sales are recognized when control of the products has transferred to the customer. The transfer of control occurs when the products has been shipped to the specific location as the case may be, the risks of obsolescence and loss have been transferred, and either the customer has accepted the products in accordance with the sales contract, or the Company has objective evidence that the goods are in control of the customer.

No element of financing is deemed present as the sales are made with a credit term which is consistent with market practice for the industry.

Sale of services

Income from services is accounted at a point in time as per the assessment of Ind AS 115. No revenue is recognized if there are significant uncertainties regarding recovery of the amount due and associated costs.

Interest income

Interest income is accrued on a time proportion basis, by reference to the principle outstanding and the effective interest rate applicable.

Dividend income

Dividend income from investments is recognized when the shareholder's rights to receive payment have been established.

Rental income

Rental income from investment properties and subletting of properties is recognized on straight line basis over the term of the relevant leases.

Notes to Standalone Financial Statements (Contd.)

l) Borrowing costs

Borrowing costs include interest, other costs incurred in connection with borrowing and exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to the interest cost. General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Premium in the form of fees paid on refinancing of loans are accounted for as an expense over the life of the loan using effective interest rate method. All other borrowing costs are recognized in the Statement of Profit and Loss in the period in which they are incurred.

m) Taxes on income

Taxes on income comprises of current taxes and deferred taxes. Current tax in the Statement of Profit and Loss is provided as the amount of tax payable in respect of taxable income for the period using tax rates and tax laws enacted during the period, together with any adjustment to tax payable in respect of previous years.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities and the amounts used for taxation purposes (tax base), at the tax rates and tax laws enacted or substantively enacted by the end of the reporting period. Deferred tax assets are recognized for the future tax consequences to the extent it is probable that future taxable profits will be available against which the deductible temporary differences can be utilized.

Deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Income tax and deferred tax, in so far as it relates to items disclosed under other comprehensive income or equity, are disclosed separately under other comprehensive income or equity, as applicable.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on net basis, or to realize the asset and settle the liability simultaneously.

n) Leases

The Company as lessee

The Company's lease asset classes primarily consist of leases for plant & machinery, buildings and furniture and fixtures. The Company assesses whether a contract contains a lease, at the inception of a contract.

At the date of commencement of the lease, the Company recognizes a right of use asset (ROU) and a corresponding lease liability for all lease arrangements, in which it is a lessee, except for leases with a term of twelve months or less (short-term leases), non-lease components (like maintenance charges, etc.) and leases of low value assets.

For these short-term leases, non-lease components and lease of low value assets, the Company recognizes the lease rental payments as an operating expense.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. An impairment loss is recognized where applicable, when the carrying value of ROU assets of cash generating units exceeds its fair value or value in use, whichever is higher.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the lease term.

Lease liabilities are initially measured at the present value of the future lease payments. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made.

The Company as lessor

Leases in which the company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Contingent rents are recognised as revenue in the period in which they are earned.

Notes to Standalone Financial Statements (Contd.)

o) Government Grants

- (i) Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.
- (ii) Government grants relating to income are deferred and recognized in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.
- (iii) Government grants relating to the purchase of property, plant and equipment are included in other liabilities as deferred income and are credited to Statement of Profit and Loss on a straight-line basis over the expected lives of the related assets and presented within other income.

p) Provisions and contingent liabilities

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation and in respect of which reliable estimate can be made.

Contingent Liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or reliable estimate of the amount cannot be made.

q) Research and development expenditure

Research costs are expensed as incurred. Development expenditures on an individual project are recognised as an intangible asset when the Company can demonstrate:

- i. The technical feasibility of completing the intangible asset so that the asset will be available for use or sale.
- ii. Its intention to complete and its ability and intention to use or sell the asset.
- iii. How the asset will generate future economic benefits.
- iv. The availability of resources to complete the asset.
- v. The ability to measure reliably the expenditure during development.

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

During the period of development, the asset is tested for impairment annually.

r) Earnings per share

Basic Earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period.

For the purpose of calculating the diluted earnings per share the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

s) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Chairman and Managing Director.

t) Use of estimates and critical accounting judgments

In preparation of the financial statements, the Company makes judgments, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Notes to Standalone Financial Statements (Contd.)

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and future periods affected.

Significant judgments and estimates relating to the carrying values of assets and liabilities include

- i. Useful lives of property, plant and equipment- Note 3(a)
- ii. Fair valuation of Investment Properties and Unquoted Investments - Note 3(d) and 5
- iii. Provisions- Note 20
- iv. Current tax and deferred tax - Note 9
- v. Fair valuation of Biological assets other than bearer plant Note 40
- vi. Expected credit loss of Trade receivables- Note 6
- vii. Provisions and Contingencies related to litigations and claims- Note 33

u) Rounding off amount

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of schedule III, unless otherwise stated.

v) New and amended standards

Nature and purpose of reserves

(i) General reserve

Under the erstwhile Indian Companies Act, 1956, a general reserve was created through an annual transfer of net profit at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act, 2013, the requirement to mandatory transfer a specified percentage of the net profit to general reserve has been withdrawn though the Company may transfer such percentage of its profits for the financial year as it may consider appropriate. Declaration of dividend out of such reserve shall not be made except in accordance with rules prescribed in this behalf under the Act.

(ii) Fair value through other comprehensive income (FVOCI)- equity instruments

The Company has elected to recognise changes in the fair value of certain investments in equity instruments through other comprehensive income. These changes are accumulated within the FVOCI equity instruments reserve. The Company transfers amounts from this reserve to retained earnings when the relevant equity instruments are derecognised.

(iii) Retained earning

Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings include re-measurement loss / (gain) on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss.

NOTE 26: EMPLOYEE BENEFITS EXPENSE (Contd.)

Particulars	Present value of obligation	Fair value of plan assets	Net amount
01 April 2021	2,640.66	2,091.54	549.12
Current service cost	148.30	-	148.30
Interest expense/income	172.09	135.29	36.80
Total amount recognised in profit or loss	320.39	135.29	185.10
<i>Remeasurement</i>			
Return on plan assets, excluding amounts included in interest expense/income	-	20.57	(20.57)
Actuarial (gain)/loss from change in financial assumptions	(92.21)	-	(92.21)
Actuarial (gain)/loss from unexpected experience	(78.71)	-	(78.71)

Benefits Payment	144.34	144.34	-
31 March 2022	3,438.98	2,103.60	1,335.92

(v) Significant estimates: actuarial assumptions

The significant actuarial assumptions were as follows:

Particulars	31 March 2023	31 March 2022
Discount rate	7.20%	7.00%
Expected return on plan asset	7.20%	7.00%
Salary growth rate	5.00%	6.00%
Attrition rate	1.00%	1.00%
Mortality rate	Indian Assured Lives Mortality (2006-08) (modified) Ultimate	Indian Assured Lives Mortality (2006-08) (modified) Ultimate

(vi) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Impact on defined benefit obligation			
	31 March 2023		31 March 2022	
	Increase	Decrease	Increase	Decrease
Discount rate (-/+ 1%)	495.81	425.89	325.79	277.50
Salary growth rate (+/- 1%)	502.00	438.10	325.87	282.44
Attrition rate (+/- 1%)	80.42	90.81	23.11	26.33

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

(vii) The major categories of plans assets are as follows:

Particulars	31 March 2023	31 March 2022
Investment with Private Insurance Companies	29.20%	35.10%
Administered by Life Insurance Corporation of India	68.31%	61.45%
Investment in Mutual Fund	0.61%	0.74%
Special Deposits and Bonds	1.05%	1.29%
Others Including Bank Balances	0.83%	1.42%

Notes to Standalone Financial Statements (Contd.)

(All amounts in Rs. lakhs unless otherwise stated)

NOTE 26: EMPLOYEE BENEFITS EXPENSE (Contd.)

(viii) Risk exposure

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk:

If plan is funded, then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.

Interest risk:

A decrease in the interest rate on plan assets will increase the plan liability.

Life expectancy:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and at the end of the employment. An increase in the life expectancy of the plan participants will increase the plan liability.

Salary growth risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

(ix) Defined benefit liability and employer contributions

Expected contributions to post-employment benefits plans for the year ending 31 March 2023 is Rs. 3371.33 lakhs (31 March 2022 : Rs 1335.92 lakhs).

The weighted average duration of the defined benefit obligation is 8 years (31 March 2022 – 9 years).

Expected benefit payments for the year ending	31 March 2023	31 March 2022
31 March 2024 (31 March 2023)	1,006.57	407.22
31 March 2025 (31 March 2024)	496.95	277.99
31 March 2026 (31 March 2025)	464.00	262.64
31 March 2027 (31 March 2026)	525.58	243.12
31 March 2028 (31 March 2027)	533.59	294.82
31 March 2029 to 31 March 2033 (31 March 2028 to 31 March 2032)	2,951.21	1,723.01

NOTE 27: FINANCE COSTS

Particulars	Year ended 31 March 2023	Year ended 31 March 2022
Interest expense		
- Lease liability	40.97	43.62
- Others	220.28	126.44
Other borrowing costs	30.79	35.41
	292.04	205.47
Less: Interest capitalised	(17.83)	(28.45)
Total Finance Cost	274.21	177.02

The capitalisation rate used to determine the amount of borrowing costs to be capitalised is the weighted average interest rate applicable to the entity's total borrowing during the current year, in this case is 7.50% (31 March 2022: 7.50%).

Others	(25.80)	120.55
Total income tax expense/(credit)	(209.34)	545.99

(1) Income tax expense for the AY 2022-23 (Financial year ended March 2022) was determined based on old regime. However while filing its income tax return, the Company had opted for new tax regime u/s 115BAA of the Income Tax Act, 1961. Accordingly, Provision for Income tax and Deferred tax recognized for the year ended March 31, 2022 has been reduced based on the applicable provisions of the new tax regime.

(2) The applicable tax rate for the Company is 25.17% (including surcharge and cess). However, the Company is also subject to agricultural income tax at the rate of 30% to the extent of 60% of its business income. Accordingly, the average rate considered for the aforesaid reconciliation and on the basis of which the deferred tax has been measured by the Company is 28.07% and 29.65% for the year ended March 31, 2023 and March 31, 2022 respectively.

NOTE 35: CAPITAL MANAGEMENT

(a) Risk management

The company's objectives when managing capital are to:

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The capital structure of the Company consists of debt, cash and cash equivalents and equity attributable to equity shareholders of the Company which comprises issued share capital and accumulated reserves disclosed in the Statement of Changes in Equity.

Consistent with others in the industry, the Company monitors capital on the basis of net debt to equity ratio and maturity profile of overall debt portfolio of the Company.

Net Debt implies borrowings including interest accrued on borrowings of the Company as reduced by Cash and Cash Equivalents and Equity comprises all components attributable to the owners of the Company.

(i) Fair value hierarchy

This section provides the fair value measurement hierarchy of the Financial instruments and Biological assets other than bearer plants.

(a) Financial Instruments

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Particulars	31st March 2023			31st March 2022		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Financial assets:						
Investments	4,097.04	-	1,311.46	16,336.99	-	1,315.49
	4,097.04	-	1,311.46	16,336.99	-	1,315.49

(b) Biological assets other than bearer plants

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its biological assets other than bearer plants into level 2 in the fair value hierarchy.

Biological assets other than bearer plants for which fair value (less cost to sell) are disclosed

Particulars	31st March 2023			31st March 2022		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Stock of unplucked green leaves	-	106.49	-	-	71.59	-
	-	106.49	-	-	71.59	-

The following table illustrates the sensitivity to a 5 % variation in each of the significant unobservable inputs used to measure the fair value of the biological assets as on 31 March 2023 and 31 March 2022.

Impacts in the fair value resulting from:

Significant variable inputs	31st March 2023		31st March 2022	
	5% decrease	5% increase	5% decrease	5% increase
Purchase price of bought tea leaves	(5.32)	5.32	(3.58)	3.58

The above analysis of financial instruments that are measured at fair value, grouped into Level 1 to Level 3, has been described as below:

Quoted prices in an active market (Level 1): This level of hierarchy includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of investment in quoted equity shares, bonds and mutual fund. The fair value for all equity shares and bonds which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Notes to Standalone Financial Statements (Contd.)

(All amounts in Rs. lakhs unless otherwise stated)

NOTE 36 : FAIR VALUE MEASUREMENTS (Contd.)

Valuation techniques with observable inputs (Level 2): The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Biological asset other than bearer plants, are measured at fair value less cost to sell.

Valuation techniques with significant unobservable inputs (Level 3): This level of hierarchy includes financial assets and financial liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. This level of hierarchy includes Company's investment in equity shares which are unquoted or for which quoted prices are not available at the reporting dates.

(ii) Transfers between level 1, level 2 and level 3

There is no transfer during the year between level 1, level 2 and level 3 with reference to financial instruments and biological assets other than bearer plants.

(iii) Valuation technique used to determine fair value

Specific valuation technique used to determine fair value includes:

(a) Investments carried at fair value are generally based on market price quotations. However in cases where quoted prices are not available the management has involved valuation experts to help in determining the fair value of the investments. Fair value of biological assets other than bearer plant are arrived at based on observable market price of green leaves.

(b) The carrying amounts of other financial assets and liabilities carried at amortised cost closely approximate their fair values. The impact of discounting on such financial assets or liabilities is not significant due to the market terms (rates and tenor) available and because the instruments are short term in nature or do not have any fixed contractual maturities.

(c) Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realised or paid in sale transactions as of respective dates. As such, fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.

(iv) Equity Instruments carried at fair value through other comprehensive income

These investments in equity shares are not held for trading. Instead, they are held for long term purpose. The Company has chosen to designate these investments in equity instruments at FVOCI since, it provides a more meaningful presentation. During the year, the Company has sold certain investments carried at FVOCI.

NOTE 37: FINANCIAL RISK MANAGEMENT

In the course of its business, the Company is exposed primarily to fluctuations in interest rates, equity prices, liquidity and credit risk, which may adversely impact the fair value of its financial instruments. In order to minimise any adverse effects on the financial performance of the Company, the company has risk management policies as described below :-

(A) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) including deposits with banks and financial institutions and other financial instruments carried at amortised cost and financial guarantees.

Financial instruments that are subject to credit risk and concentration thereof principally consist of trade receivables, loans receivables, investments, other financial assets and cash and cash equivalents held by the Company. None of the financial instruments of the Company result in material concentration of credit risk.

The carrying value of financial assets represents the maximum credit risk. The maximum exposure to credit risk was Rs. 17354.16 lakhs, Rs. 27661.91 lakhs, as at 31 March 2023 and 31 March 2022 respectively, being the total carrying value of financial assets excluding cash on hand.

i) Trade and other receivables

Credit risk on receivables is minimum since sales through different mode (eg. auction, consignment, private) are made after judging credit worthiness of the customers or advance payment. The history of defaults has been minimal and outstanding receivables are regularly monitored.

The company is making provisions on trade and other receivables for both credit risk and time value of money based on Expected Credit Loss (ECL) model. The reconciliation is as follows:

Particulars	2022-23	2021-22
Opening balance	246.42	246.42
Charge in statement of profit and loss	12.50	-
Closing balance	258.92	246.42

Refer note-6 for ageing of Trade Receivables.

NOTE 37: FINANCIAL RISK MANAGEMENT (Contd.)

ii) Financial instruments and bank deposits

For credit risk on the loans to employees, the Company is not expecting any material risk on account of non-performance by any of the parties. Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

(B) Liquidity risk

Liquidity risk refers to the risk that the Company may encounter difficulty in meeting its financial obligations in accordance with terms of contract. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions.

Management monitors rolling forecasts of the company's liquidity position (including the undrawn credit facilities extended by banks and financial institutions) and cash and cash equivalents on the basis of expected cash flows. In addition, the Company's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Maturities of financial liabilities

The tables below analyses the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all financial liabilities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

Contractual maturities of financial liabilities 31 March, 2023	Carrying Value	Upto 1 year	1 - 3 years	3 - 5 years	More than 5 years	Total Undiscounted cash flows

Total financial liabilities	5,368.64	4,943.10	150.70	80.55	1,663.26	6,837.60

(C) Market risk

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31 March, 2023 and 31 March, 2022, the Company's borrowings at variable rate were denominated in both Rupees and foreign currency.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(a) Interest rate risk exposure

On Financial Liabilities:

The exposure of the Company's financial liabilities to interest rate risk is as follows:

Particulars	31 March 2023	31 March 2022
Variable rate borrowings	6,780.25	2,525.43
Fixed rate borrowings	21.57	26.43
Total borrowings	6,801.82	2,551.86

(All amounts in Rs. lakhs unless otherwise stated)

NOTE 37: FINANCIAL RISK MANAGEMENT (Contd.)

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates as below:

	Impact on profit before tax		Impact on equity	
	31 March 2023	31 March 2022	31 March 2023	31 March 2022
Interest expense rates – increase by 50 basis points (50 bps)*	(33.90)	(12.63)	(24.39)	(8.88)
Interest expense rates – decrease by 50 basis points (50 bps)*	33.90	12.63	24.39	8.88

* Holding all other variables constant

(ii) Price risk

(a) Exposure

The Company's exposure to equity securities & mutual funds price risk arises from investments held by the Company and classified in the balance sheet at fair value through Other Comprehensive Income or at Fair Value through Profit & Loss Account. To manage its price risk arising from investments in equity securities & mutual funds, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Company. In general, these investments are not held for trading purposes.

(b) Sensitivity

The table below summarizes the impact of increases/decreases of the quoted investments prices on the Company's equity.

	Impact on equity	
	31 March 2023	31 March 2022
Quoted investments - Increase 5%*	204.85	816.85
Quoted investments - Decrease 5%*	(204.85)	(816.85)

* Holding all other variables constant

(D) Agricultural Risk

Cultivation of tea being an agricultural activity, there are certain specific financial risks. These financial risks arise mainly due to adverse weather conditions, logistic problems inherent to remote areas, and fluctuation of selling price of finished goods (tea) due to changes in supply/availability.

The Company manages the above financial risks in the following manner:

- Sufficient inventory levels of agro chemicals, fertilizers and other inputs are maintained so that timely corrective action can be taken in case of adverse weather conditions.
- Sufficient level of consumable stores viz packing materials, coal and HSD are maintained in order to mitigate financial risk arising from logistics problems.
- Sufficient working - capital - facility is obtained from banks in such a way that cultivation, manufacture and sale of tea is not adversely affected even in times of adverse conditions.

NOTE 38: SEGMENT REPORTING

The Company's Chief operating decision maker viz. Chairman and Managing Director examine the Company's performance as a single segment, viz. "Growing, harvesting and sale of loose and packet tea and other allied services relating to plantation sector".

NOTE 40: FAIR VALUE OF BIOLOGICAL ASSETS AND AGRICULTURAL PRODUCE

The carrying amount of the biological assets other than bearer plants as per note 12 of these Standalone Financial Statements amounts to Rs. 106.49 lakhs (previous year Rs. 71.59 lakhs)

The carrying amount of the Finished Goods (Inventories) as per Note 11 of these Standalone Financial Statements amounts to Rs. 3,013.06 lakhs (PY 1834.33 lakhs). The same comprise of Tea made out of tea leaves harvested from own gardens ("agricultural produce") amounting to Rs. 1604.86 lakhs (PY 707.61 lakhs) and Tea made out of purchased tea leaves amounting to Rs. 1,408.20 lakhs (PY 1126.72 lakhs).

The biological assets ("Tea leaves growing on tea bushes") and agricultural produce used in the production of finished goods of tea used in such inventory are stated at fair value less costs to sell. Such inventory of Tea is carried at the lower of cost and net realizable value. The same is applying the principles of Ind AS 41 and Ind AS 2.

The valuation of biological assets and agricultural produce used in the production of finished goods (Tea) involves judgements in the consideration of factors used in the determination of fair value of such agricultural produce. The company considers various factors such as comparing the actual selling prices prevailing around year end for completed seasonal cycle, including technical factors which determine the quality and hence the fair value of biological assets and agricultural produce. The said practice is consistently practiced followed by the company.

INDEPENDENT AUDITOR'S REPORT

To the Members of

DHUNSERI TEA & INDUSTRIES LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Dhunseri Tea & Industries Limited (hereinafter referred to as "the Holding Company"), and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") comprising of the consolidated Balance sheet as at March 31, 2023, the consolidated Statement of Profit and Loss, including impact of other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, the

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2023. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Key audit matter	How our audit addressed the key audit matter
Valuation of biological assets and harvested tea leaves (as described in Note 2.10, 2.11 and Note 41 of the consolidated financial statements)	
As on March 31, 2023, the Holding Company has biological assets being "Green leaf growing on tea bushes" valued at Rs. 106.49 lakhs. The above biological assets are stated at fair value less costs to sell. Harvested tea leaves of own gardens used for the valuation of finished goods (Tea) are measured at fair value. We considered the fair valuation of biological assets and harvested tea leaves produced from own gardens as a key audit matter given the significant management judgement involved in consideration of factors such as market sources, prevailing selling prices and quality of tea used in the determination of fair value of such agricultural produce and biological assets.	Our audit procedures included the following: <ul style="list-style-type: none">• We understood, evaluated the design and tested the operating effectiveness of controls as established by the management in determination of the fair value of biological assets and harvested tea leaves produced from own gardens.• We assessed the significant assumptions used in the valuation model with reference to available market information.• We tested the data inputs used in the fair valuation and compared them with underlying supporting documents.• We assessed the adjustments made to prices of green leaves purchased from outside suppliers considering the quality differential of the Holding Company's production.• We also compared the Holding Company's valuation policy with those followed by other companies in the same industry for consistency with the industry norms.• We assessed the adequacy of disclosures in relation to the biological assets and harvested tea leaves.

aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at March 31, 2023, their consolidated loss including impact of other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group, in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT (coned.)

Other Information

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of their respective companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of their respective companies to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of companies included in the Group are also responsible for overseeing the financial reporting

process of their respective companies.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

INDEPENDENT AUDITOR'S REPORT (coned.)

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

- (a) We did not audit the financial statements and other financial information, in respect of 7 subsidiaries, whose financial statements include total assets of Rs. 54,971.90 lakhs as at March 31, 2023, and total revenues of Rs. 13,367.16 lakhs and net cash inflows of Rs. 861.58 lakhs for the year ended on that date. These financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of such other auditors.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As there are no subsidiaries incorporated in India, this report does contain a separate report on the matters specified in paragraph 3(xxi) of the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act.
2. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries, as noted in the 'other matter' paragraph we report, to the extent applicable, that:
 - (a) We/the other auditors whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept by the Holding Company as far as it appears from our examination of those books except that the backup of the certain books of account and other books and papers maintained in electronic mode has not been maintained on servers physically located in India on daily basis as more fully explained in note 48(viii) to the consolidated financial statements. The requirements for maintaining back up of books of account on daily basis is not applicable to the subsidiaries incorporated outside India and hence not commented upon.
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2023 taken on record by the Board of Directors of the Holding Company, none of the directors are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act. There are no subsidiaries incorporated in India;
 - (f) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph (b) above.

INDEPENDENT AUDITOR'S REPORT (coned.)

- (g) As there are no subsidiaries incorporated in India, this report does not contain a separate report on the internal financial controls with reference to consolidated financial statements of the Group under clause (i) of sub-section 3 of section 143 of the Act;
- (h) In our opinion, the managerial remuneration for the year ended March 31, 2023 has been paid / provided by the Holding Company, incorporated in India to their directors in accordance with the provisions of section 197 read with Schedule V to the Act. There are no subsidiaries incorporated in India;
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries, as noted in the 'Other matter' paragraph:
- i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group, in its consolidated financial statements – Refer Note 42(a) to the consolidated financial statements;
 - ii. The Group did not have any material foreseeable losses in long-term contracts including derivative contracts during the year ended March 31, 2023.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company during the year ended March 31, 2023. There are no subsidiaries incorporated in India;
 - iv. a) The management of the Holding Company have represented to us, to the best of its knowledge and belief, other than as disclosed in the note 48(v) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the respective Holding Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the

Ultimate Beneficiaries. There are no subsidiaries incorporated in India;

- b) The management of the Holding Company have represented to us, to the best of its knowledge and belief, no funds have been received by the Holding Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. There are no subsidiaries incorporated in India; and
- c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material mis-statement. There are no subsidiaries incorporated in India; and

- v) The final dividend paid by the Holding Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend. There are no subsidiaries incorporated in India.

As stated in note 36(b) to the consolidated financial statements, the Board of Directors of the Holding Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

- vi) As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable only w.e.f. April 1, 2023 for the Holding Company, hence reporting under this clause is not applicable. There are no subsidiaries incorporated in India.

* Subsidiaries of Dhunseri Petrochem and Tea Pte Limited

^ Subsidiaries of Makandi Tea and Coffee Estates Limited

The Consolidated Financial Statements have been prepared in accordance with the Indian Accounting Standard (Ind AS) 110 "Consolidated Financial Statements".

The consolidated financial statements present the financial position as at 31 March 2023 and financial performance of the Group during the year then ended.

The consolidated financial statements for the year ended 31 March 2023 were approved by the Board of Directors on 28 May 2023.

2. SIGNIFICANT ACCOUNTING POLICIES

This significant accounting policies adopted in the preparation of these financial statements are stated below. These policies have been consistently applied for preparation of financial statements, unless otherwise stated.

2.1 Basis for preparation

(i) *Compliance with Ind AS*

The consolidated financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

(ii) *Historical cost convention*

The consolidated financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

(iii) The Financial statement of DMPL have been prepared on a break up basis as the Board of Directors of DMPL intend to wind up the Company subsequent to year end. The assets and liabilities are stated at their estimated recoverable values and settlements amounts, respectively. There has not been a significant change in the accounting policies and the financial statements have been prepared in accordance with IND AS.

1.2 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Group and entities controlled by the Group i.e. its subsidiaries. It also includes the Group's share of profits, net assets and retained post acquisition reserves of subsidiaries that are consolidated using the equity method of consolidation, as applicable.

Control is achieved when the Group is exposed to, or has rights to the variable returns of the entities and the ability to affect those returns through its power over the entities.

The results of subsidiaries acquired or disposed off during the year are included in the consolidated statement of profit and loss from the effective date of acquisition or up to the effective date of disposal, as appropriate.

Wherever necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with those used by other members of the Group.

Intra-group transactions, balances, income and expenses are eliminated on consolidation.

Notes to Consolidated Financial Statements (contd.)

(All amounts in Rs. lakhs unless otherwise stated)

1.3 Business Combinations

Acquisition of subsidiaries and businesses are accounted for using the purchase method. The consideration transferred in each business combination is measured at the aggregate of the acquisition date fair values of assets given, liabilities incurred by the Group to the former owners of the acquiree, and equity interests issued by the Group in exchange for control of the acquiree.

Acquisition related costs are recognised in the consolidated Statement of Profit And Loss.

Goodwill arising on acquisition is recognised as an asset and measured at cost, being the excess of the consideration transferred in the business combination over the Group's interest in the net fair value of the identifiable assets acquired, liabilities assumed and contingent liabilities recognised. Where the fair value of the identifiable assets and liabilities exceed the cost of acquisition, after re-assessing the fair values of the net assets and contingent liabilities, the excess is recognised as bargain purchase gain under capital reserve on consolidation.

Once control has been achieved, any subsequent acquisitions where the Group does not originally hold hundred percent interest in a subsidiary are treated as an acquisition of shares from non-controlling shareholders. The identifiable net assets are not subject to further fair value adjustments and the difference between the cost of acquisition of the non-controlling interest and the net book value of the additional proportion acquired is adjusted in equity. The amount of non-controlling interests in the acquiree is measured either at the non-controlling interests proportion of the net fair value of the assets, liabilities and contingent liabilities recognised or at fair value.

Business combinations arising from transfers of interests in entities that are under the common control are accounted for using the pooling of interest method. The difference between any consideration transferred and the aggregate historical carrying values of assets and liabilities of the acquired entity are recognised in shareholder's equity.

When a transaction or other event does not meet the definition of a business combination due to the asset or group of assets not meeting the definition of a business, it is termed an 'asset acquisition'. In such circumstances, the acquirer:

- identifies and recognises the individual identifiable assets acquired
- allocates the cost of the group of assets and liabilities to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of purchase.

Such a transaction or event does not give rise to goodwill or a gain on a bargain purchase.

2.4 Goodwill

Goodwill arising on the acquisition of a subsidiary represents the excess of the consideration transferred in the business combination over the Group's interest in the net fair value of the identifiable assets acquired, liabilities assumed and contingent liabilities recognised at the date of acquisition. Goodwill is initially recognised as an asset at cost and is subsequently measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units or groups of cash-generating units that are expected to benefit from the synergies of the combination. Cash - generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit's value may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying value of the unit, the impairment loss is allocated first to reduce the carrying value of any goodwill allocated to the unit and then to the other assets of the unit in proportion to the carrying value of each asset in the unit.

An impairment loss recognised for goodwill is not reversed in a subsequent period. On disposal of a subsidiary, the attributable amount of goodwill is included in the determination of profit or loss on disposal.

2.5 Property, plant and equipment

- (i) Property, plant and equipment are stated either at deemed cost as considered on the date of transition to Ind AS or at acquisition cost/construction, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises of purchase cost, borrowing costs if capitalization criteria are met and other directly attributable cost of bringing the assets to its working condition for intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.
- (ii) Bearer plants being mature tea bushes and macademia trees are stated at cost less accumulated depreciation and accumulated impairment losses, if any.
- (iii) Immature bearer plants, including the cost incurred for procurement of new seeds/plants and maintenance of nurseries, are carried at cost less any recognized impairment losses under capital work-in-progress. Cost includes the expenditure for uprooting, land preparation, new planting and maintenance of newly planted bushes until maturity. On maturity of bearer plants, underlying costs are capitalized under Property, plant and equipment as Bearer plants . and are depreciated from the date when they are ready for commercial harvest.

Notes to Consolidated Financial Statements (contd.)

(All amounts in Rs. lakhs unless otherwise stated)

- (iv) Subsequent expenditure related to an item of property, plant and equipment is added to its carrying amount only if it increases the future benefits from the existing assets beyond its previously assessed standard of performance and beyond its original assessed useful life.
- (v) Capital work in progress is stated at cost incurred during construction/installation period relating to items or projects in progress.
- (vi) Losses arising from the retirement of and gains or losses arising from disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.
- (vii) *Depreciation methods, estimated useful lives and residual value*

Freehold land and Capital works in progress are not depreciated. Depreciation is calculated using the straight - line method to allocate their cost, net of their residual values, over their useful lives as estimated by management that are in line with those prescribed by the Schedule II of the Companies Act, 2013. The useful lives of property, plant and equipments have been considered as per Schedule II, except in case of Bearer Plants for which the useful life have been considered on the basis of technical evaluation.

Class of assets	Estimated useful life (in years)
Bearer plants	30 – 72
Buildings	3 – 60
Plant and Equipment	3 – 25
Furniture and Fixtures	3 – 10
Office Equipment	3 – 10
Vehicles	2 – 10

The estimate of residual value and useful life are reviewed every year.

Leasehold lands for Tea Estates are granted/allotted/settled/extended by the government with a right of renewal. The government extends the lease renewals by way of general notifications at regular intervals. These leasehold lands are considered as long term and perpetual leases.

2.6 Investment Properties

Property (Land or a Building- or part of a Building or both) that is held for long-term rental yields or for capital appreciation or both, rather than for use in production or supply of goods or for administrative purposes or sale in the ordinary course of business by the Group, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

Investment properties are depreciated using the straight - line method over their estimated useful lives. The Investment properties held by the Group comprise only of freehold land, hence there is no depreciation.

2.7 Non - current assets held for sale

Non - current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less cost to sell.

An impairment loss is recognized for any initial or subsequent write-down of the asset to fair value less cost to sell. A gain is recognized for any subsequent increases in fair value less cost to sell of an asset, but not in excess of any cumulative impairment loss previously recognized. A gain or loss not previously recognized by the date of the sale of the Non - current asset is recognized at the date of de - recognition.

Non - current asset classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a Non - current asset classified as held for sale are presented separately from other liabilities in the balance sheet.

2.8 Impairment of non - financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre - tax discount rate that reflects current market

Notes to Consolidated Financial Statements (contd.)

(All amounts in Rs. lakhs unless otherwise stated)

assessment of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years.

2.9 Financial Instruments

Financial assets and financial liabilities are recognized when the Group becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognized in the Statement of Profit and Loss.

Effective interest method

The effective interest method is a method of calculating the amortized cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

Financial assets

Cash and cash equivalents

Cash and cash equivalents includes cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

Other bank balances

Other bank balances include deposits with maturity less than twelve months but greater than three months and balances and deposits with banks that are restricted for withdrawal and usage.

Financial assets at amortized cost

Financial assets, i.e., Trade Receivables, Loans, Security Deposits, Advances, Fixed Deposits, etc., are subsequently measured at amortized cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at 'Fair value through other comprehensive income' (FVOCI) if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and to sell these financial assets.

In respect of equity investments which are not held for trading the group has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of such equity instruments. Such an election is made by the Group on an instrument by instrument basis at the time of initial recognition of such equity investments.

Financial asset not measured at amortized cost or at fair value through other comprehensive income is carried at 'Fair value through the Statement of Profit and Loss' (FVPL).

Impairment of financial assets

The Group assesses on a forward looking basis the 'Expected credit losses' (ECL) associated with its assets carried at amortized cost and FVOCI debt instruments. The Group recognizes loss allowance for expected credit losses on financial assets including time value of money.

For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109 *Financial Instruments*, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

Notes to Consolidated Financial Statements (contd.)

(All amounts in Rs. lakhs unless otherwise stated)

De-recognition of financial assets

The Group de-recognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognizes its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortized cost, using the effective interest rate method where the time value of money is significant.

Interest bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortized cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognized over the term of the borrowings in the Statement of Profit and Loss.

De-recognition of financial liabilities

The Group de-recognizes financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

2.10 Inventories

Finished Goods and Stores and Spare parts are stated at lower of cost and net realizable value. Cost of Finished Goods comprise direct material [cost of green leaf and macademia nuts harvested from own gardens ("agricultural produce") / purchased green leaves] and appropriate portion of variable and fixed overhead expenditure. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs are assigned to individual items of inventory on the basis of weighted average method. Agricultural produce (being green leaf harvested from own gardens) is measured at the fair value less cost to sell at the point of harvest of tea leaves.

Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

2.11 Biological assets

Biological assets comprise of timber, tea leaves and macademia nuts growing on the tea bushes and macademia trees respectively. Timber, tea leaves growing on tea bushes and macademia nuts growing on macademia trees are measured at fair value less cost to sell with changes in fair value recognised in the Statement of Profit and Loss.

The tea bushes and macademia trees are bearer plants and therefore presented and accounted for as property, plant and equipment. However produce growing on such trees are accounted for as biological assets until the point of harvest .

2.12 Employee Benefits**(i) Short term employee benefits**

The undiscounted amount of Short-term Employee Benefits expected to be paid in exchange for the services rendered by employees is recognized during the period when the employee renders the service. This benefit includes salary, wages, short term compensatory absences, bonus and other short term benefits.

(ii) Long term compensated absences

Long term compensated absence is provided for on the basis of an actuarial valuation, using the Projected Unit Credit Method as at the date of Balance Sheet. Actuarial loss/gains are recognized in the Statement of Profit and Loss in the year in which they arise. The Group presents the entire leave as a current liability in the Balance Sheet, since it does not have an unconditional right to defer its settlement for twelve months after the reporting date.

(iii) Post employment benefit plans

For Defined Benefit Plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each Balance Sheet date. Re-measurement gains and losses of the net defined benefit liability/ (asset) are recognized immediately in other comprehensive income. The service cost and net interest on the net defined benefit liability/ (asset) is treated as a net expense within employment costs.

Past service cost is recognized as an expense when the plan amendment or curtailment occurs or when any related restructuring costs or termination benefits are recognized, whichever is earlier.

The retirement benefit obligation recognized in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost, and as reduced by the fair value of scheme assets.

Any asset resulting from this calculation is limited to the present value of any economic benefit available in the form of refunds from the plan or reductions in future contributions to the plan.

(iv) Defined contribution plans

Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state managed retirement benefit schemes are dealt with as payments to defined contribution schemes where the Group's obligations under the schemes are equivalent to those arising in a defined contribution retirement benefit scheme.

2.13 Foreign currency transactions*Functional and presentation currency*

Items included in the financial statements of each of the group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The consolidated financial statements are presented in Indian rupee (Rs.), which is group's functional and presentation currency.

Transactions and balances

Transactions in foreign currency are recorded at exchange rates prevailing on the date of the transactions. Monetary assets and liabilities related to foreign currency are restated at the year-end at the exchange rate prevailing on the Balance Sheet date. Foreign currency non - monetary items carried in terms of historical cost are reported using the exchange rate on the date of transactions. Exchange differences arising on restatement or settlement are recognized in the Statement of Profit and Loss in the period in which they arise.

Group companies

The results and financial position of foreign operations (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities are translated at the closing rate at the date of that balance sheet
- income and expenses are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions), and
- all resulting exchange differences are recognised in other comprehensive income.

Notes to Consolidated Financial Statements (contd.)

(All amounts in Rs. lakhs unless otherwise stated)

2.14 Revenue Recognition

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is not a variable consideration on account of various discounts and schemes offered by the company Group as part of the contract.

Sale of goods

The Group is in the business of cultivation, manufacturing and selling of tea and macademia nuts in the market. Under Ind AS 115 sales are recognized when control of the products has transferred. The transfer of controls occurs when the products has been shipped to the specific location as the case may be, the risks of obsolescence and loss have been transferred, and either the customer has accepted the products in accordance with the sales contract, or the Group has objective evidence that all criteria for acceptance have been satisfied.

No element of financing is deemed present as the sales are made with a credit term which is consistent with market practice for the industry.

Sale of services

Income from services is accounted at a point in time as per the assessment of Ind AS 115. No revenue is recognized if there are significant uncertainties regarding recovery of the amount due and associated costs.

Interest income

Interest income is accrued on a time proportion basis, by reference to the principle outstanding and the effective interest rate applicable.

Dividend income

Dividend income from investments is recognized when the shareholder's rights to receive payment have been established.

Rental income

Rental income from investment properties and subletting of properties is recognized on straight line basis over the term of the relevant leases.

2.15 Borrowing costs

Borrowing costs include interest, other costs incurred in connection with borrowing and exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to the interest cost. General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Premium in the form of fees paid on refinancing of loans are accounted for as an expense over the life of the loan using effective interest rate method. All other borrowing costs are recognized in the Statement of Profit and Loss in the period in which they are incurred.

2.16 Taxes on income

Taxes on income comprises of current taxes and deferred taxes. Current tax in the Statement of Profit and Loss is provided as the amount of tax payable in respect of taxable income for the period using tax rates and tax laws enacted during the period, together with any adjustment to tax payable in respect of previous years.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities and the amounts used for taxation purposes (tax base), at the tax rates and tax laws enacted or substantively enacted by the end of the reporting period. Deferred tax assets are recognized for the future tax consequences to the extent it is probable that future taxable profits will be available against which the deductible temporary differences can be utilized.

Deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Income tax and deferred tax, in so far as it relates to items disclosed under other comprehensive income or equity, are disclosed separately under other comprehensive income or equity, as applicable.

Notes to Consolidated Financial Statements (contd.)

(All amounts in Rs. lakhs unless otherwise stated)

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on net basis, or to realize the asset and settle the liability simultaneously.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax for the year. Deferred tax asset is recognized for MAT credit entitlements, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period.

2.17 Leases

The Group as lessee

The Group's lease asset classes primarily consist of leases for plant & machinery, buildings and furniture and fixtures. The Group assesses whether a contract contains a lease, at the inception of a contract.

At the date of commencement of the lease, the Group recognizes a right of use asset (ROU) and a corresponding lease liability for all lease arrangements, in which it is a lessee, except for leases with a term of twelve months or less (short-term leases), non-lease components (like maintenance charges, etc.) and leases of low value assets.

For these short-term leases, non-lease components and lease of low value assets, the Group recognizes the lease rental payments as an operating expense.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. An impairment loss is recognized where applicable, when the carrying value of ROU assets of cash generating units exceeds its fair value or value in use, whichever is higher.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the lease term.

Lease liabilities are initially measured at the present value of the future lease payments. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made.

The Group as lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Contingent rents are recognised as revenue in the period in which they are earned.

2.18 Government Grants

- (i) Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.
- (ii) Government grants relating to income are deferred and recognized in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.
- (iii) Government grants relating to the purchase of property, plant and equipment are included in other liabilities as deferred income and are credited to Statement of Profit and Loss on a straight-line basis over the expected lives of the related assets and presented within other income.

2.19 Provisions and contingent liabilities

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation and in respect of which reliable estimate can be made.

Contingent Liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or reliable estimate of the amount cannot be made.

Notes to Consolidated Financial Statements (contd.)

(All amounts in Rs. lakhs unless otherwise stated)

2.20 Research and development expenditure

Research costs are expensed as incurred. Development expenditures on an individual project are recognised as an intangible asset when the Group can demonstrate:

- i. The technical feasibility of completing the intangible asset so that the asset will be available for use or sale.
- ii. Its intention to complete and its ability and intention to use or sell the asset.
- iii. How the asset will generate future economic benefits.
- iv. The availability of resources to complete the asset.
- v. The ability to measure reliably the expenditure during development.

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

During the period of development, the asset is tested for impairment annually.

2.21 Earnings per share

Basic Earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Group's earnings per share is the net profit for the period.

For the purpose of calculating the diluted earnings per share the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

2.22 Segment reporting

The Group is primarily engaged in business of cultivation, manufacture and sale of tea and macademia nuts and other allied services relating to plantation sector across various geographical areas with different political and economic environment, risk and return etc. Accordingly, operating segments have been identified based on the different geographical areas. Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Chairman and Managing Director.

2.23 Use of estimates and critical accounting judgments

In preparation of the financial statements, the Group makes judgments, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and future periods affected.

Significant judgments and estimates relating to the carrying values of assets and liabilities include

- i. Useful lives of property, plant and equipment- Note 3(a)
- ii. Fair valuation of Investment Properties and Unquoted Investments - Note 3(d) and 6
- iii. Provisions- Note 23
- iv. Current tax and deferred tax - Note 10 and 20
- v. Fair valuation of Biological assets other than bearer plant- Note 41
- vi. Expected Credit Loss of Trade receivables- Note 7
- vii. Provisions and Contingencies related to litigations and claims- Note 42

The Group has two tea estates in Malawi, located in the hills of Kawalazi and Makandi. Besides tea, the Malawi estates also cultivates Macademia nuts. The carrying amount of goodwill for Kawalazi Estate Company Limited and Makandi Tea and Coffee Estates Limited are Rs. 1019.52 lakhs (31 March 2022 : Rs.915.04 lakhs) and Rs. 1615.06 lakhs (31 March 2022 : Rs.1449.56 lakhs) respectively.

The Group has adopted 'value in use' method to determine the carrying value of cash generating unit.

The base assumptions considered for testing the goodwill impairment for both the cash generating units are as follows:

- The cash flow projections has been considered for 5 years
- The discounting rate has been taken at 8.50%.
- The terminal growth rate has been taken at 4%
- Tax rate has been taken as 30% based on enacted tax rate in Malawi.

The outcome of the Group's goodwill impairment test as at 31 March 2023 resulted in no impairment of goodwill (March 31, 2022: Nil). The management believes that no reasonable possible change in any of the key assumptions used in the value in use calculation would cause the carrying value of the goodwill to materially exceed its value in use.

Nature and purpose of reserves

(i) General reserve

Under the erstwhile Indian Companies Act, 1956, a general reserve was created through an annual transfer of net profit at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act, 2013, the requirement to mandatory transfer a specified percentage of the net profit to general reserve has been withdrawn though the Company may transfer such percentage of its profits for the financial year as it may consider appropriate. Declaration of dividend out of such reserve shall not be made except in accordance with rules prescribed in this behalf under the Act.

(ii) Foreign currency translation reserve

Exchange differences arising on translation of assets, liabilities, income and expenses of the Group's foreign subsidiaries are recognised in other comprehensive income and accumulated separately in foreign currency translation reserve. The amounts recognised are transferred to the consolidated statement of profit and loss on disposal of the related foreign subsidiaries.

(iii) Capital reserve on consolidation

Bargain purchase gain arising on business combination has been recorded directly in capital reserve.

(iv) Fair value through other comprehensive income (FVOCI)- equity instruments

The Group has elected to recognise changes in the fair value of certain investments in equity instruments through other comprehensive income. These changes are accumulated within the FVOCI equity instruments reserve. The Group transfers amounts from this reserve to retained earnings when the relevant equity instruments are derecognised.

(v) Retained earning

Retained earnings are the profits that the group has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings include re-measurement loss / (gain) on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss.

The Parent Company contributed Rs. 1183.48 and Rs. 728.74 lakhs during the year ended 31 March 2023 and 31 March 2022 respectively.

Superannuation Fund: The Parent company provides for Superannuation benefit to certain employees wherein 15% of basic salary is funded with Life Insurance Corporation of India.

Notes to Consolidated Financial Statements (contd.)

(All amounts in Rs. lakhs unless otherwise stated)

NOTE: 29 EMPLOYEE BENEFITS EXPENSE (contd.)

The Parent Company contributed Rs. 2.33 lakhs and Rs. 2.33 lakhs during the year ended 31 March 2023 and 31 March 2022 respectively.

Others: Others consist of company and employee's contribution to:

Employees Pension Scheme [Total amount charged to the statement of Profit and Loss for the year Rs. 8.94 lakhs (2021-22 Rs.9.28 lakhs)]

Employees State Insurance [Total amount charged to the statement of Profit and Loss for the year Rs. 0.79 lakhs (2021-22 Rs. 0.76 lakhs)]

(iii) Post Employment Benefits Plans

The Parent Company provides for gratuity, a defined benefit retirement plan covering eligible employees. As per the scheme, the Gratuity Trust Fund make payment to vested employees at retirement, death/disability, withdrawal of an amount based on the respective employee's eligible salary for specified number of days depending upon the tenure of service subject to a maximum of Rs 20 lakhs. Vesting occurs upon completion of five years of service. Liability with regard to the aforesaid gratuity plan is determined by actuarial valuation as set out in Note 2(13)(iii) based upon which the Company makes annual contributions for Gratuity to the Trust Fund.

The Subsidiaries incorporated in Malawi contributes to a pension fund administered by a third party. The Scheme is a defined contribution pension plan and is funded through payments to a trustee -administered fund. A defined Contribution plan is a pension plan under which the company pays fixed contributions into a separate entity. The Company has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods. The Company has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available. Contribution to such funds amount to Rs.74.28 lakhs and Rs. 63.40 lakhs during the year ended 31 March 2023 and 31 March 2022 respectively.

31 March 2023	5,975.54	2,604.81	3,371.27

Notes to Consolidated Financial Statements (contd.)

(All amounts in Rs. lakhs unless otherwise stated)

NOTE: 29 EMPLOYEE BENEFITS EXPENSE (contd.)

Particulars	Present value of obligation	Fair value of plan assets	Net amount
01 April 2021	2,640.66	2,091.54	549.12
Current service cost	148.30	-	148.30
Interest expense/income	172.09	135.29	36.80
Total amount recognised in profit or loss	320.39	135.29	185.10
<i>Remeasurement</i>			
Return on plan assets, excluding amounts included in interest expense/income	-	20.57	(20.57)
Actuarial (gain)/loss from change in financial assumptions	(92.21)	-	(92.21)
Actuarial (gain)/loss from unexpected experience	(78.71)	-	(78.71)
Total amount recognised in other comprehensive income	(170.92)	20.57	(191.49)
Acquisition credit (cost)	793.18	-	793.18
Benefits Payment	144.34	144.34	-
31 March 2022	3,438.98	2,103.60	1,335.92

(v) Significant estimates: actuarial assumptions

The significant actuarial assumptions were as follows:

Particulars	31 March 2023	31 March 2022
Discount rate	7.20%	7.00%
Expected return on plan asset	7.20%	7.00%
Salary growth rate	5.00%	6.00%
Attrition rate	1.00%	1.00%
Mortality rate	Indian Assured Lives Mortality (2006-08) (modified) Ultimate	Indian Assured Lives Mortality (2006-08) (modified) Ultimate

(vi) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Impact on defined benefit obligation			
	31 March 2023		31 March 2022	
	Increase	Decrease	Increase	Decrease
Discount rate (-/+ 1%)	495.81	425.89	325.79	277.50
Salary growth rate (+/- 1%)	502.00	438.10	325.87	282.44
Attrition rate (-/+ 1%)	80.42	90.81	23.11	26.33

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

(vii) The major categories of plans assets are as follows:

Particulars	31 March 2023	31 March 2022
Investment with Private Insurance Companies	29.20%	35.10%
Administered by Life Insurance Corporation of India	68.31%	61.45%
Investment in Mutual Fund	0.61%	0.74%
Special Deposits and Bonds	1.05%	1.29%
Others Including Bank Balances	0.83%	1.42%

Notes to Consolidated Financial Statements (contd.)

(All amounts in Rs. lakhs unless otherwise stated)

NOTE: 29 EMPLOYEE BENEFITS EXPENSE (contd.)

(viii) Risk exposure

Through its defined benefit plans the Group is exposed to a number of risks, the most significant of which are detailed below:

Investment risk:

If plan is funded, then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.

Interest risk:

A decrease in the interest rate on plan assets will increase the plan liability.

Life expectancy:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and at the end of the employment. An increase in the life expectancy of the plan participants will increase the plan liability.

Salary growth risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

(ix) Defined benefit liability and employer contributions

Expected contributions to post-employment benefits plans for the year ending 31 March 2023 is Rs. 3371.33 lakhs (31 March 2022 : Rs 1335.92 lakhs).

The weighted average duration of the defined benefit obligation is 8 years (31 March 2022 – 9 years).

Expected benefit payments for the year ending	31-03-2023	31-03-2021
31 March 2024 (31 March 2023)	1,006.57	407.22
31 March 2025 (31 March 2024)	496.95	277.99
31 March 2026 (31 March 2025)	464.00	262.64
31 March 2027 (31 March 2026)	525.58	243.12
31 March 2028 (31 March 2027)	533.59	294.82
31 March 2029 to 31 March 2033 (31 March 2028 to 31 March 2032)	2,951.21	1,723.01

NOTE: 30 FINANCE COSTS

Particulars	Year ended 31 March 2023	Year ended 31 March 2022

-Lease liabilities	40.97	43.62
-Others	293.85	190.30
Other borrowing costs	603.64	517.19
	938.46	751.11
Less: Interest capitalised	(17.83)	(113.67)
Total Finance Cost	920.63	637.44

The capitalisation rate used to determine the amount of borrowing costs to be capitalised is the weighted average interest rate applicable to the Parent entity's total borrowings during the current year, in this case is 7.50% (31 March 2022: 7.50%).

NOTE: 36 CAPITAL MANAGEMENT

(a) Risk management

The Group's objectives when managing capital are to:

- (a) safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- (b) maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares.

The Group's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Group will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The capital structure of the Group consists of debt, cash and cash equivalents and equity attributable to equity shareholders of the Group which comprises issued share capital and accumulated reserves disclosed in the Statement of Changes in Equity.

Consistent with others in the industry, the Group monitors capital on the basis of net debt to equity ratio and maturity profile of overall debt portfolio of the Group.

Net Debt implies borrowings including interest accrued on borrowings of the Company as reduced by Cash and Cash Equivalents and Equity comprises all components attributable to the owners of the Group.

(i) Fair value hierarchy

This section provides the fair value measurement hierarchy of the Investment properties, Financial instruments and Biological assets other than bearer plants.

(a) Financial Instruments

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Particulars	31 March 2023			31 March 2022		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Financial assets:						
Investments	4,097.01	-	1,311.46	16,336.99	-	1,315.49
	4,097.01	-	1,311.46	16,336.99	-	1,315.49

(b) Biological assets other than bearer plants

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its biological assets other than bearer plants into level 2 in the fair value hierarchy.

Biological assets other than bearer plants for which fair value (less cost to sell) are disclosed

Particulars	31 March 2023			31 March 2022		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Biological assets (India)	-	106.49	-	-	71.59	-
Biological assets (Malawi)	-	1,542.13	-	-	1,471.75	-
	-	1,648.62	-	-	1,543.34	-

The following table illustrates the sensitivity to a 5 % variation in each of the significant unobservable inputs used to measure the fair value of the biological assets on 31 March 2023 and 31 March 2022.

Impacts in the fair value resulting from:

Significant variable inputs	2023		2022	
	5% decrease	5% increase	5% decrease	5% increase
Biological assets (India):				
Purchase price of bought tea leaves	(5.32)	5.32	(3.58)	3.58
Biological assets (Malawi):				
Average yield	(76.27)	76.27	(67.88)	67.88
Average sales price	(78.71)	78.71	(97.11)	97.11

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3, as described below:

Notes to Consolidated Financial Statements (contd.)

(All amounts in Rs. lakhs unless otherwise stated)

NOTE: 37 FAIR VALUE MEASUREMENTS (contd.)

Quoted prices in an active market (Level 1): This level of hierarchy includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of investment in quoted equity shares, bonds and mutual funds. The fair value for all equity shares and bonds which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Valuation techniques with observable inputs (Level 2): The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Biological asset other than bearer plants, are measured at fair value less cost to sell.

Valuation techniques with significant unobservable inputs (Level 3): This level of hierarchy includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. This level of hierarchy includes Group's investment in equity shares which are unquoted or for which quoted prices are not available at the reporting dates.

(ii) Transfers between level 1, level 2 and level 3

There is no transfer during the year between level 1, level 2 and level 3 with reference to financial instruments and biological assets other than bearer plants.

(iii) Valuation technique used to determine fair value

Specific valuation technique used to determine fair value includes:

(a) Investments carried at fair value are generally based on market price quotations. However in cases where quoted prices are not available the management has involved valuation experts to determine the fair value of the investments. Different valuation techniques have been used by the valuers for different investments.

(b) The carrying amounts of other financial assets and liabilities carried at amortised cost closely approximate their fair values. The impact of discounting on such financial assets or liabilities is not significant due to the market terms (rates and tenor) available and because the instruments are short term in nature or do not have any fixed contractual maturities.

(c) Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realised or paid in sale transactions as of respective dates. As such, fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.

(iv) Equity Instruments carried at fair value through other comprehensive income

These investments in equity shares are not held for trading. Instead, they are held for long term purpose. The Company has chosen to designate these investments in equity instruments at FVOCI since, it provides a more meaningful presentation. During the year, the Company has sold certain investments carried at FVOCI.

NOTE: 38 FINANCIAL RISK MANAGEMENT

In the course of its business, the Group is exposed primarily to fluctuations in interest rates, equity prices, liquidity and credit risk, which may adversely impact the fair value of its financial instruments. In order to minimise any adverse effects on the financial performance of the Group, the Group has risk management policies as described below :-

(A) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) including deposits with banks and financial institutions and other financial instruments carried at amortised cost.

Financial instruments that are subject to credit risk and concentration thereof principally consist of trade receivables, loans receivables, investments, other financial assets and cash and cash equivalents held by the Group. None of the financial instruments of the Group result in material concentration of credit risk.

The carrying value of financial assets represents the maximum credit risk. The maximum exposure to credit risk was Rs. 11,804.82 lakhs, Rs. 22,446.55 lakhs, as at 31 March 2022 and 31 March 2021 respectively, being the total carrying value of financial assets excluding cash on hand.

i) Trade and other receivables

Credit risk on receivables is minimum since sales through different mode (eg. auction, consignment, private) are made after judging credit worthiness of the customers or advance payment. The history of defaults has been minimal and outstanding receivables are regularly monitored.

Notes to Consolidated Financial Statements (contd.)

(All amounts in Rs. lakhs unless otherwise stated)

NOTE: 38 FINANCIAL RISK MANAGEMENT (contd.)

The group is making provisions on trade and other receivables for both credit risk and time value of money based on Expected Credit Loss (ECL) model. The reconciliation is as follows:

Particulars	2022-23	2021-22
Opening balance	246.42	246.42
Charge in statement of profit and loss	12.50	-
Closing balance	258.92	246.42

Refer note-7 for ageing of Trade Receivables

ii) Financial instruments and bank deposits

For credit risk on the loans to employees, the Group is not expecting any material risk on account of non-performance by any of the parties. Credit risk from balances with banks and financial institutions is managed by the Group's treasury department in accordance with the Group's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

(B) Liquidity risk

Liquidity risk refers to the risk that the Group may encounter difficulty in meeting its financial obligations in accordance with terms of contract. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions.

Management monitors rolling forecasts of the Group's liquidity position (including the undrawn credit facilities extended by banks and financial institutions) and cash and cash equivalents on the basis of expected cash flows. In addition, the Group's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

(i) Maturities of financial liabilities

The tables below analyse the Group's financial liabilities into relevant maturity groupings based on their contractual maturities for all financial liabilities

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

Contractual maturities of financial liabilities 31 March 2023	Carrying Value	Less than 1 year	1 - 3 years	3 - 5 years	More than 5 years	Total Undiscounted cash flows
Borrowings	17,542.95	12,712.39	2,349.17	1,779.25	1,241.79	18,082.59

(C) Market risk

(i) Foreign currency risk

The Group deals with foreign currency loan, trade and other receivables, cash and cash equivalents, trade payables, etc. and is therefore exposed to foreign exchange risk associated with exchange rate movement.

The Group is exposed to foreign exchange risk through its borrowings. The management regularly monitors the currency movement to manage its currency risk.

Notes to Consolidated Financial Statements (contd.)

(All amounts in Rs. lakhs unless otherwise stated)

NOTE: 38 FINANCIAL RISK MANAGEMENT (contd.)

Foreign currency risk exposure

The Group's exposure to foreign currency risk at the end of the reporting period expressed in Rs (foreign currency amount multiplied by closing rate), are as follows:-

	31 March 2023		31 March 2022	
	USD	EUR	USD	EUR
Financial assets				
Trade and other receivables	1,114.87	-	1,176.38	-
Other financial assets	136.91	-	79.39	-
Cash and cash equivalents	1,129.56	-	282.87	-

Other financial liabilities and Lease Liabilities	892.85	-	1,316.69	-
Borrowings	11,489.70	-	7,964.13	-
Net exposure to foreign currency risk	(11,315.95)	-	(9,190.60)	-

Sensitivity

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments.

	Impact on profit before tax		Impact on equity	
	31 March 2023	31 March 2022	31 March 2023	31 March 2022
USD sensitivity

Rs/EUR depreciates by 5% (31 March 2020 - 5%)@	-	-	-	-

@ Holding all other variables constant

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations with floating interest rates.

The Group's main interest rate risk arises from long-term borrowings with variable rates, which expose the Group to cash flow interest rate risk. During 31 March 2020 and 31 March 2019, the Group's borrowings at variable rate were denominated in both Rupees and foreign currency.

The Group's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(a) Interest rate risk exposure

On Financial Liabilities:

The exposure of the Group's financial liabilities to interest rate risk is as follows:

Particulars	31 March 2023	31 March 2022
Variable rate borrowings	12,144.11	9,509.44
Fixed rate borrowings	5,398.84	1,006.55
Total borrowings	17,542.95	10,515.99

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates as below:

	Impact on profit before tax		Impact on equity	
	31 March 2023	31 March 2022	31 March 2023	31 March 2022
Interest expense rates – increase by 50 basis points (50 bps)*	(60.72)	(47.55)	(42.72)	(33.45)
Interest expense rates – decrease by 50 basis points (50 bps)*	60.72	47.55	42.72	33.45

* Holding all other variables constant

Notes to Consolidated Financial Statements (contd.)

(All amounts in Rs. lakhs unless otherwise stated)

NOTE: 38 FINANCIAL RISK MANAGEMENT (contd.)

(iii) Price risk

(a) Exposure

The Group's exposure to equity securities & mutual funds price risk arises from investments held by the Group and classified in the balance sheet at fair value through Other Comprehensive Income or at Fair Value through Statement of Profit & Loss. To manage its price risk arising from investments in equity securities & mutual funds, the Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Group. In general, these investments are not held for trading purpose

(b) Sensitivity

The table below summarizes the impact of increase/decrease of the share prices on the Group's equity.

	Impact on equity	
	31 March 2023	31 March 2022
Quoted investments - Increase 5%*	204.85	816.85
Quoted investments - Decrease 5%*	(204.85)	(816.85)

* Holding all other variables constant

(D) Agricultural Risk

Cultivation of tea, macademia nuts and timber being agricultural activities, there are certain specific financial risks. These financial risks arise mainly due to adverse weather conditions, logistic problems inherent to remote areas, and fluctuation of selling price of finished goods due to change in supply/availability.

The Group manages the above financial risks in the following manner:

- Sufficient inventory levels of agro chemicals, fertilizers and other inputs are maintained so that timely corrective action can be taken in case of adverse weather conditions.
- Sufficient level of consumable stores viz packing materials, coal and HSD are maintained in order to mitigate financial risk arising from logistics problems.
- Sufficient working-capital-facility is obtained from banks in such a way that cultivation, manufacture and sale of tea, macademia nuts and timber are not adversely affected.

NOTE: 39 SEGMENT REPORTING

The Group is primarily engaged in business of cultivation, manufacture and sale of tea and macademia nuts and other allied services relating to plantation sector across various geographical locations with different political and economic environment, risks and return etc. Accordingly, operating segments have been identified based on the different geographical areas. Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker viz. Chairman and Managing Director.

The Biological Assets other than bearer plants of the Subsidiary Companies consists of Unplucked green leaf, Macademia and Timber, the carrying amount of which as per Note 13 of the Consolidated Financial Statements amounts to Rs. 1542.13 lakhs.

The carrying amount of the Finished Goods (Inventories) as per Note 12 of the Consolidated Financial Statements amounts to Rs. 3954.92 lakhs (previous year Rs. 2,679.54 lakhs). The same comprise of Tea made out of tea leaves harvested from own gardens ("agricultural produce") amounting to Rs. 1,604.86 lakhs (previous year Rs. 707.61 lakhs) and Tea made out of purchased tea leaves amounting to Rs. 1,408.20 lakhs (previous year Rs.1,126.72 lakhs) in case of Parent Company and in case of Subsidiary Companies it comprise of Tea and Macademia amounting to Rs. 941.86 lakhs (previous year Rs.845.21 lakhs).

The biological assets (Tea leaves growing on tea bushes, Macademia and Timber) and agricultural produce used in the production of finished goods of tea used in such inventory are stated at fair value less costs to sell. Such inventory of Tea and Macademia are carried at the lower of cost and net realizable value. The same is applying the principles of Ind AS 41 and Ind AS 2.

The valuation of biological assets and agricultural produce used in the production of finished goods (Tea and Macademia) involves judgements in the consideration of factors used in the determination of fair value of such agricultural produce. The company considers various factors such as comparing the actual selling prices prevailing around year end for completed seasonal cycle, including technical factors which determine the quality and hence the fair value of biological assets and agricultural produce. The said practice is consistently practiced followed by the Parent company.
